9 November 2011

Dear Lorraine,

As an authorised representative of the members of this association, I write to request information regarding the creation of mounds of hard standing on the plots at Dale Farm which were the object of the recent clearance operation by your agents.

You are, of course, aware that the issue of these bunds was the subject of a recent application for an Injunction by Mr Gridley before Mr Justice MacDuff in the High Court.

It is our understanding that the Council informed the Court that the bunds created during the clearance work are to remain only for a temporary period.

Will you therefore inform us when the Council intends to remove the bunds. Failure to remove them after a reasonably temporary period - we suggest by the end of November - would leave us the option of applying to the Court for a variation of the Order outlined in Claim No HQ11X04130.

Sincerely

Grattan Puxon

CC Keith Lomax, solicitor
